Time is running out for us to meet our challenge grant! We really need your help to meet our goal, as our vet bills are rapidly rising! We have been moving record numbers of animals thru our Rescue, Rehab and Transport center, thanks to our Pets on the Go Partners!

Record numbers of animals mean record numbers of medical procedures, including surgeries like amputations and pregnancy interventions. Eye infections, pneumonia, mange, tumors, spider bites, and heartworms are crushing our medical budget. But the good news is that all these animals had homes waiting!

### Miley

Just one of the many animals helped, this time thru amputation. Our Network on the Go Partners locate the animals in need, arrange for transport to our facility, where we provide needed medical. When the animal is ready, it moves on to our partner rescue, who generally has a home waiting. Its a great partnership saving many animals lives!

### Animal Cruelty Investigation

Investigations into Animal Cruelty and Neglect are often performed by local law enforcement, particularly outside city limits or in small towns with no Animal Control.

We are hosting our Annual Advanced Animal Cruelty Investigations School this week. We pay the tuition for the law enforcement and animal control officers from around the Big Country to attend. About 25 will attend this years class, and thanks to your donations, we will pay the \$250 fee for the continuing education.

of cat pics in our newsletter? The stories on cats are few and far between. Mostly cats just need new homes! To that end, we offer a mail-in rebate all year round on cats adopted from the City of Abilene Animal Shelter. So adopt from the City Shelter and send in your paperwork after you get the cat fixed. We mail you a check!
