Saving Pets Nationwide

**THEIR HOME IS WAITING,
BUT THEY CAN'T GET THERE
IN TIME WITHOUT YOUR
HELP! [DONATE TODAY](#)**

Our new Pets On the Go! national network is sending animals all over the United States from Abilene, Texas, and bringing hundreds of rescue groups together to coordinate their activities. Our network of friends locates animals in kill shelters and matches them with rescue groups that will take them. The animals then come to us for a few days, a few weeks, or even longer until the receiving group can arrange space for them and rides to move them. Most of these animals would die before their rides could be arranged without coming to us.

In many cases, the animals need immediate medical care, and we are the only ones who will agree to take on the expense. [Read all about it.](#)
